

Cluster1

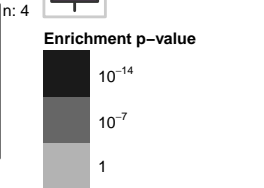

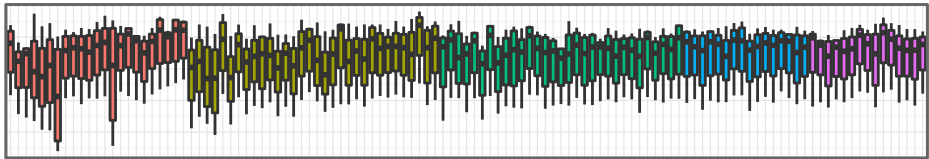

response to other organism  
chronic inflammatory response  
cytokine-mediated signaling pathway  
negative regulation of immune effector process

regulation of immune effector process  
regulation of regulatory T cell differentiation  
negative regulation of cell-cell adhesion  
positive regulation of immune response  
negative regulation of response to stimulus

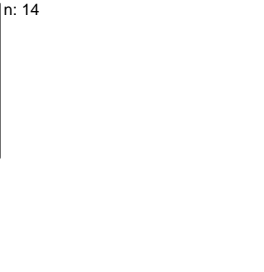

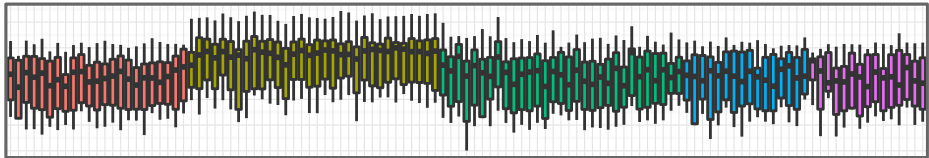

negative regulation of amino acid transport  
fever generation  
negative regulation of T cell differentiation

Cluster2

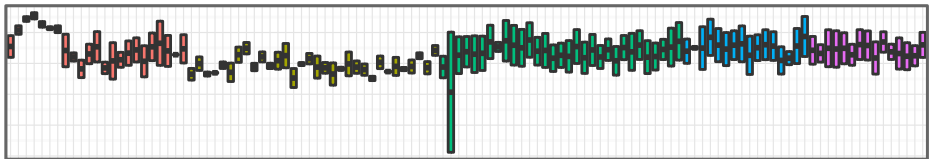

NLRP1 inflammasome complex  
positive regulation of interleukin-1 beta secretion  
Inflammasomes

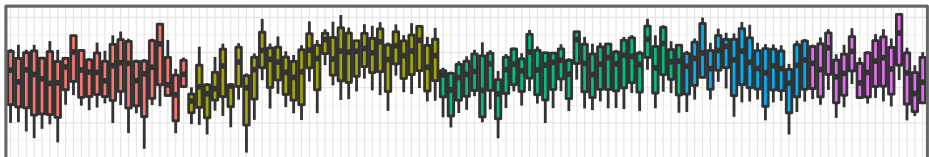

Cluster3

Cluster4

Cluster5

Cluster6
