

Cluster1

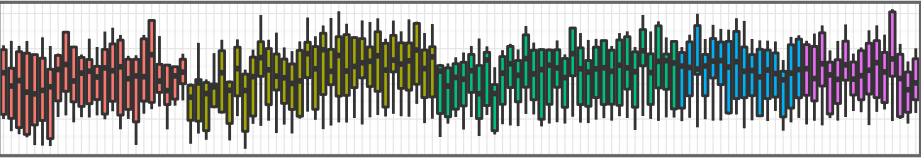

n: 2

Groups

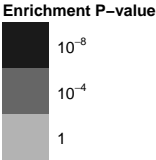

Cluster2

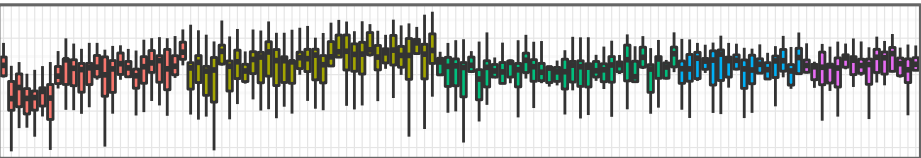

n: 6

Toll-like receptor signaling pat...  
T cell activation  
NOD-like receptor signaling pathway

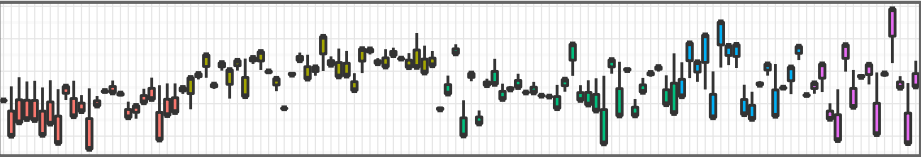

Cluster3

n: 11

cytokine-mediated signaling pathway  
response to external biotic stim...  
regulation of response to stress  
cytosolic DNA-sensing pathway  
regulation of response to extern...  
inflammatory response  
regulation of cytokine secretion  
positive regulation of immune re...  
Cytokine-cytokine receptor inter...  
regulation of immune effector pr...  
nucleotide-binding domain, leuc...

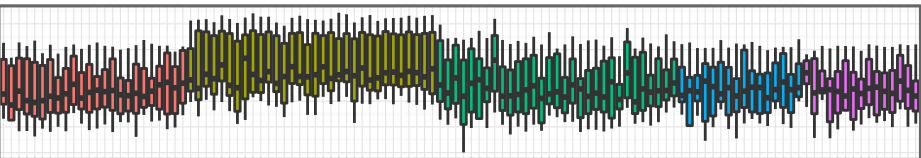

Cluster4

n: 3

Influenza A  
defense response to virus  
RIG-I-like receptor signaling pa...

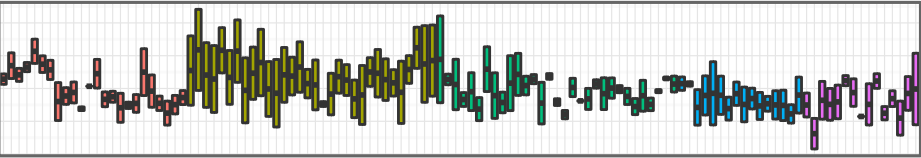

Cluster5

n: 11

response to bacterium  
cell chemotaxis  
TNF signaling pathway  
Salmonella infection  
NOD-like receptor signaling pathway  
inflammatory response  
Chemokine signaling pathway  
Cytokine-cytokine receptor inter...  
Rheumatoid arthritis  
Legionellosis  
chemokine production  
response to lipopolysaccharide  
GPCRs that act as GEFs for G q...

Cluster6

n: 2
